Certification TESTS

India faced many foreign invasions. Each invader or settler brought its own Gods and rituals and ways of communication. The influence of several languages and communication resulted in the languages that we speak today. Hindi primarily came from the Sanskrit and is influenced by Persian as well. If you compare Urdu and Hindi, you will notice that both the languages are more or less similar except the script. Hindi is written in the Devnagri script and has strong roots in Sanskrit which is written in the similar script, whereas Urdu has its roots in Persian and the script is Arabic.

ReSOLT also prepares you for Hindi language proficiency tests certified by the Hindi officials.

We prepare you for Hindi Certification, where you are judged on skills like Listening, Writing, Hearing & Speaking. We have intermediate and final tests after every course based on standard exam pattern.
