The GRE exam consists of three main sections: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing. The Verbal Reasoning section measures a student's ability to analyze and understand written material, evaluate arguments, and recognize relationships among words and concepts. The Quantitative Reasoning section assesses a student's ability to understand, interpret, and analyze quantitative information and solve problems using mathematical concepts. The Analytical Writing section requires students to analyze an issue and write an argumentative essay and analyze an argument and write a critique. The GRE exam is computer-based, and scores are typically reported on a scale from 130 to 170 for each section, with a total score range of 260 to 340. The exam can be taken throughout the year at various test centers worldwide, and students can take the test multiple times if they wish to improve their scores.

I first contacted Ma'am for a mock test, which she readily offered. Best GRE coaching classes in Mumbai. She then corrected my writing with some very clear comments, which exposed glaring gaps. I knew I needed help and it was very gracious of her to spare some time each day for the five days I had before my exam. She kept encouraging me, while pointing out all my mistakes with razor sharp focus.
