## ELEMENTARY SPANISH

This course is designed for beginning Spanish students with no previous exposure to the Spanish language. The course focuses on developing proficiency in basic communicative skills through the application of the living language taught through dialogues, phonetics, syntax, grammar and vocabulary.

Aims of the module: To Increase students' language proficiency in Spanish according to the level A1. The student will be able to talk about his/her immediate environment, family relationships and personal interests.

- To identify, distinguish and apply basic grammar rules (gender, singular and plural concordance and verb conjugation).
- To recognize and interpret Spanish cultural trends in short texts.
- To describe themselves and others in Spanish.
- To construct and compose sentences in order to produce oral and written texts about their immediate environment.
